

CAHILL'S BODY GIVEN UP BY LAKE

HOMAGE OF THOUSANDS PAID LEADER

Gangster's Murder Brings New Era in Chicago

MANY FLORAL OFFERINGS

O'Banion Slaying Starts Drive on "Gat" Rule

CHICAGO—Thousands of persons filed past the ornate flower-decked casket of Dion (Dean) O'Banion all night and this morning in final tribute to the florist, gangster, rum runner and hijacker slain Monday evening in his flower shop by three gunmen who called him from his task of trimming chrysanthemum stems.

His funeral today was looked forward to as the greatest in Chicago's history, even surpassing that of yesterday of Michael Merlo, friend of O'Banion and leader of the Union Sicilians, when one thousand automobiles, 25 of them carrying only flower girls, formed the cortege from St. Clement's church, where 10,000 persons had gathered for the last rites.

O'Banion's funeral today was without the blessing of the church, the burial in consecrated ground was permitted.

It brought a new era in Chicago's civic affairs, as well as marking the passing of the 32-year-old gang leader, termed by Morgan Collins, chief of police, Chicago's arch criminal and responsible for at least 25 murders, in the face of the statement of William E. Dever, mayor, that the "rule of the gat" had been ended.

Licensed by the great amount of publicity and the open threats of O'Banion followers to "shoot it out" with adherents of other groups of gunmen, Mayor Dever directed that every known pistol be searched on suspicion as frequently as encountered. He planned a conference today with chief Collins to decide on measures for eliminating pistol carrying or forcing the gunmen to leave Chicago.

"It is time to determine whether organized outlaws shall continue to shoot and rob with impunity or whether decency and order will prevail," the mayor said.

Until the hour of the funeral, the line of men and women representing all conditions of life continued to stream past O'Banion's silver and bronze casket, some in threadbare garment timidity added their bouquets of a half dozen withered buds to the pretentious floral displays made up of thousands of blossoms the affluent had sent.

One gray-haired and bent old woman shuffled by. She spoke of the dead gangster's friendship.

"He put my boy on the right track at the right minute," she said, "got him a good job in an office and gave him a suit of clothes to go to the job. If his enemies had known him the way I did he'd be alive today."

"Ore, he was a swell feller," said a ragged newsboy's tribute. He brought all my papers one awful cold night last winter and paid \$1 for 'em too, and then took me to a restaurant to eat."

He then worked all yesterday night on a great blanket of blue and white, the valley and the city, at the corners with other ribbons to be placed over the casket after the burial today.

A great heart, seven feet high, made of blue and red roses, was the vision of two broken pillars, six feet high, made of white carnations, round around with red roses and protruding from a bed of green filled with blue chrysanthemums and roses was another offering.

The pieces bore the cards of city officials and other prominent citizens, as well as known gang and underworld leaders.

Police men in procession today and the funeral and burial, the police had been released.

Other persons possibly might be made at the funeral and burial, the police had been released.

COURT COSTS IN COUNTY HIGH

Unusual Cases in Past Years Few, But Costly

While court costs in Allen-co do not mount as high as those in more populous districts, the expense to taxpayers to see that justice is done is often boosted on unusual cases.

Among the most costly cases heard in common pleas court in recent years is that of Carl Hollenbacher, who murdered his former wife, pretty Pearl Burgess, in the garden in the rear of her home in S. Park-st., June 10, 1919.

Hollenbacher shot the woman three times, exclaiming, "If you won't live with me, you'll not live with another."

Then he turned the pistol to his head and pulled the trigger, falling alongside the dying woman. The shot failed to penetrate the brain, but blinded the man in one eye.

Hollenbacher was tried three times, once for murder and twice to determine his sanity. He is now in Ohio state penitentiary serving a life term.

\$1,755 IS COST

His trial was expensive, but not as costly as might be presumed from the battle made to save him from the chair and prove him insane.

The cost of the three trials was \$1,755.57. That includes court costs, witness fees, jury fees and the like.

No estimate can be placed on the cost of bringing expert witnesses to Lima from all parts of the state to testify concerning Hollenbacher's sanity.

Cost of investigation made in the case by the county cannot be calculated. The murderer lay in the county jail for several years, with exception of 14 months when he was in the penitentiary, pending rehearing of his case. All the time he was in the county jail it cost the taxpayers money to feed him. The item probably would total several hundred dollars.

In civil actions the county in recent years, the Collins will contest was perhaps the most expensive. The action cost \$1,052.96. The litigants paid the cost, however, from their own means.

BROOKHART'S MAJORITY INDICATED BEING 750

DES MOINES, Iowa — (By Associated Press.)—Senator Smith's majority over Daniel P. Steiwer, his Democratic opponent in the recent election for the United States senate will be approximately 750 votes, it was indicated today by unofficial reports on the complete county canvass.

The senator today had, on official returns, a lead of 613, which had not yet been made official by the signatures of election board members, recorded a lead for him totaling 142.

Only five counties had failed to report officially at noon today.

BANK'S DOORS CLOSED

KANSAS CITY, Mo.—The Centropolis bank in Kansas City failed to open its doors for business today. W. E. Todd, state bank examiner, began an investigation of the institution's liabilities and assets to ascertain its condition. The bank is capitalized at \$100,000. Deposits total \$896,392.

Thousands Are Driven From Homes

Cox Sounds Warning To Democracy

NEW YORK — (By United Press)—Former Governor James M. Cox of Ohio, choice of the Democratic party for president in 1920 and the leader who brought harmony into its divided ranks at the 1924 national convention, in an interview with the United Press today warned the Democrats they must steer clear of religious rows before 1928.

"The Democrats should learn before the next national convention the folly of first, getting into a row about religion and second assuming an equivocal position on the one great issue world peace," declared Gov. Cox.

"A party will not be entrusted with the power unless it shows a capacity of leadership and there will be no evidence of leadership unless a stand is taken for a definite thing."

"We are living in a very positive age and the Democratic party must be something besides a mere party of opposition."

"John W. Davis made a brave, brilliant and candid campaign and anyone who seeks to hold him responsible is evidencing both ungraciousness and ignorance of conditions underlying the situation."

Gov. Cox is in New York over the week-end, on business.

HIJACKERS SUSPECTED OF KILLINGS

Mystery Car in Cleveland Dual Killing Sighted

GANG WARFARE BLAMED

Five Bootleggers Are Sought by Police

CLEVELAND — (By United Press)—A gray Peerless auto, believed to be carrying four men responsible for the murder of Louis Rosen and Adolph Adelson here yesterday, was sought by police of Ohio, West Virginia and adjacent states today.

Police are now convinced that Rosen and Adelson were slain in a war between bootleggers and "hi-jackers."

The auto in question was reported seen yesterday in Canton, where a resident said the four occupants stopped to inquire their way to Steubenville.

The resident reported that the men appeared so nervous as to arouse his suspicion and he took the license number. It is the same as the one observed on a gray Peerless, which a patrolman saw speeding away from the scene of the double murder early Thursday morning in Cleveland.

The license number is also the same as was printed on a card which police picked up on the floor of the private garage where the two men's bodies were found.

Police say this substantiates their theory that the murders were committed by persons imported for that purpose.

Meantime police are detaining 13 men who have been arrested as suspects in the case. They will be held, it was said today, until authorities are satisfied of their whereabouts at the time of the killings.

Rosen, who police say was a "big time" bootlegger and specialized in distributing alcohol to shops selling synthetic gin, ran afoul of a gang of "hi-jackers" two months ago when a carload of alcohol belonging to the latter gang disappeared. He and Adelson were shot in the rear of Rosen's home when Adelson was visiting. There is nothing to indicate that Adelson was implicated in the feud, police said.

Four suspects are held. Two of these were friends of Dominick Benigno, who, with two other gangsters, were executed for the murder of Wilfred C. Sly, a prominent Cleveland manufacturer, during a payroll robbery four years ago. Decision to round up this gang was reached after police learned that members had been dogging Rosen's footsteps.

The bootleggers wanted were named by a village drug agent, claiming to know the inside of the feud. He told police the quintet had threatened to "get" Rosen. A score of bootleggers who police believe know something about the feud also were questioned.

Among these was a partner of Rosen, who was looking for Rosen shortly before the shooting in an attempt, police said, to warn him of the "hi-jackers' ambush. Although the detectives believe he holds the secret in the killings, he said he merely wanted to discuss a business deal.

The partner ran into a cigar store where Rosen and Adelson had been playing cards shortly after they left and excitedly claimed that he had to reach Rosen "before he gets home," according to the police.

The murder of Rosen and Adelson uncovered the amazing extent of bootlegging operations in Cleveland and the bitter rivalries it has engendered.

Captain C. M. Detweiler, who is in charge of the investigation, said the trouble between Rosen and the rival gang dates back two months ago when twenty-five drums of alcohol were stolen from Rosen. Blame for this was placed on the "hi-jackers" and Rosen set out to get even. When a carload of alcohol disappeared a few days later from a railroad yard, word was passed among bootleggers that Rosen had gotten even. The rival gang then threatened Rosen, in retaliation, police were told.

Rosen knew his enemies were gunning for him. He never went out alone at night, police were told, and exclaimed to a friend recently that he "wouldn't be surprised if I got knocked off any time now."

Adelson's body will be shipped to Philadelphia from where he came here Tuesday with his wife and six months old baby to visit the Rosen and attend a wedding last night.

Instead of celebrating the second (Continued on Page Ten)

Jay Walkers Get Warning From Lanker

Pedestrians as Well as Motorists Must Obey City Ordinances

Chief of Police T. A. Lanker issued a warning to "Jay Walkers" Friday.

Lanker asserted that following the strict observance of the new "stop" traffic law, scores of pedestrians who were careless beforehand are now paying little heed to motor vehicles, thinking they have the right of way over them, and they must and will "wait their pleasure" at street intersections or in the middle of blocks.

Several accidents, in which a few persons were injured, tho not seriously, were given as the chief reason for Friday's warning. The chief's aim is to prevent their recurrence.

GREAT DANGER

"Not only is the pedestrian endangered," Lanker asserted, "but the greatest danger is when a motorist strikes another driver while attempting to avoid hitting the 'jay walker'."

An average of two accidents a day have been reported at police headquarters during the past two weeks. Although some days would be "accidentless," on others several mishaps would occur, and on Saturday and Sunday five and six would sometimes be recorded on police records.

The chief Mack is also requesting that pedestrians refrain from walking leisurely across streets when they hear the truck sirens coming their way.

"It has only been too careful driving that we have avoided striking persons scores of times," Mack said. "The danger is not only the jay walker but is greater to truck and fireman. When a truck is speeding to a fire and is forced to apply the brakes suddenly there is no telling the direction it may skid, and there is a possibility of its turning over."

CITY BLOCK IS SWEEPED BY FIRE DEMON

Scores are Overcome by Smoke and Fumes

DYNAMITE STOPS ONRUSH

Debris is Scattered by Exploding Aids

JERSEY CITY, N. J. — A conflagration which started in the salt petre plant of the Richardson Chemical company leaped beyond control of the fire forces of two cities to the abandoned plant of the American Sugar Refinery company and then destroyed several smaller factories and two rows of tenement houses, raged for four hours before firemen declared it under control at 1 o'clock this afternoon.

At 12:30 firemen expressed the belief that they had the fire under control. A shift in the wind aided them and the flames were reported to be spreading no further.

JERSEY CITY, N. J. — (By Associated Press) — A fire starting in the salt petre plant of the Richardson Chemical company on Warren street today spread to the huge American Sugar Refinery plant nearby and to a building used by the Colgate Soap Works.

The entire city block, bounded by Essex, Morris, Warren and Washington-sts was a roaring furnace at 11:30 a. m. The fire leaped thru dozens of streams of water and beyond control while explosions blew out walls and roof of the salt petre plant, broke windows in a half mile area and spread terror among residents. Fifteen firemen were overcome by smoke and scores of people were treated for cuts from flying glass and effects of the fumes which rolled across the city and the Hudson river. Among the injured was a man with a broken leg.

A hurry call for assistance to New York City brought the fire boats John Purroy Mitchell and New Yorker to the New Jersey side of the river.

At 11:30 o'clock many ambulances were at the scene. The surgeons were caring for the 15 firemen who had been overcome by the smoke. Only one injured person had reported for treatment—a man with a broken leg.

When the south wall of the sugar refinery on Dudley-st. caved in, the huge plant was seen to be a roaring mass of flames and all thought of saving any of it was abandoned. The Hoboken fire department joined fire boats from New York City in helping the Jersey City firemen.

Several hundred volunteer firemen were engaged in battling small blazes which caught in various buildings and tenements. A special watch was kept on nearby piers.

At noon fire chief Boyle called for tons of dynamite with which to blow up buildings in the hope of cutting off the onward sweep of the conflagration.

City Commissioner Pagan closed one city reservoir, directing all its supply to fire nozzles which increased the water pressure from 32 to 95 pounds.

Six tons of explosive soap materials were reported stored in a tunnel between the old sugar refinery house and the Colgate soap factory. The entire hose force of the fireboat John P. Mitchell was deluging the roof of the tunnel while a heavy force of fighters from Hoboken was detailed to help keep the flames from it.

Stores of sulphuric acid in the sugar refinery began exploding after noon and threw blazing debris into groups of firemen. Additional fire lines were brought to bear upon the new danger and other streams were directed on the Lehigh Valley railroad coal pockets in the burning area.

Firemen and policemen were frequently forced to lie down on sidewalks to catch a breath of life-saving air as the salt petre fumes were driven upon them. At the end of Essex-st hundreds of families with their household goods about them sought safety from their wooden houses and were moved to safer sections.

JERSEY CITY, N. J. — (By United Press) — Two thousand tenement dwellers were driven from their homes, 12 firemen were overcome, ferry boats plying to the Jersey Central and Pennsylvania lines were held up and damage that may run into millions was caused today by fire which destroyed the Battelle and Renwick plant here and spread to the ware-

ADMITS BABY NOT HUSBAND'S SON

Mrs. Lydia Locke Marks (left), former wife of Arthur Hudson Marks, millionaire tire manufacturer, admitted on the witness stand in a New York court that the baby she said was Marks' son was one she had taken from an institution in Kansas City. The judge ordered the child returned there. The couple are seen here, with another baby, Paul Carey, they adopted in 1922. This picture was taken soon afterward.

ALGER WOMAN IS SENTENCED

Killer of Husband Convicted in Kenton Court

KENTON—(Special) — Minimum sentence of one year in Marysville reformatory for manslaughter in connection with the killing of her husband, was imposed Thursday afternoon by Judge Hamilton Hoge on Mrs. Dora Barnett, of Alger, convicted by a Hardin-co jury of manslaughter.

After seven hours' deliberation on a second degree murder indictment the jury returned the verdict of manslaughter with a recommendation to the court for mercy. The minimum sentence is one year, according to Attorneys Monahan and Vinocur who defended the woman.

Plea of self-defense for the killing of her husband, Frank Barnett, was offered by the woman. She claimed she shot to protect herself from her husband who threatened her. A discharge from a shotgun lodged in the man's face and head.

When the jury returned the verdict, Mrs. Barnett sat in the crowded courtroom with her eight months old baby in her arms. As the verdict was read and the court pronounced sentence the woman showed no outward signs of emotion, holding her child more tightly in her arms.

TWO PUBLIC UTILITY MEMBERS INJURED

COLUMBUS, Ohio — C. C. Marshall, chairman, and Frank Mautler, of the Ohio Public Utilities commission, were injured last night when their auto skidded into a ditch near Chargin Falls. It was learned today.

George Poor, third member of the commission, was only slightly shaken up.

Marshall and Mautler are at their homes today recovering from their injuries.

STAND REMOVAL ORDERED

City Acts to Eliminate High-st Eyesore

Orders were sent to Michael & Fishel, real estate firm, Friday by City Manager Bingham directing them not to permit the replacing of the popcorn stand on the sidewalk on High-st just west of Main-st. The stand was moved temporarily to allow the laying of new sidewalks.

Bingham's action followed a flood of protests from the public against permitting the stand to occupy city property since practically the entire downtown district has been cleaned up of these "unsightly" concessions.

Michael & Fishel have charge of the popcorn-blik to which the popcorn stand has been attached, also it occupies a part of the sidewalk and has an awning over it which detracts from the appearance of the street.

Simon Fishel, of the latter firm, said Friday that he had not yet received the letter from Bingham and would make no decision until he had read the communication.

FORD BUYS LAND

Option Closed and Farm Owners Get \$50,000 Payment

Assurance that Henry Ford will carry out his D. T. & J. improvement program for Lima is seen in the payment of \$50,000 by Ford to property owners north of Lima for tracts of land acquired a month ago along the right of way.

Land purchased by Ford comprises about three-fourths of the right of way sought in Lima vicinity for the construction of a divisional terminal along with the shops and yards.

Portions of land sought by Ford are held by the National Quarries Co. and in Bathing school district. The former tract is in litigation and may wind up in federal court at Toledo. The second tract transfer has been delayed because of red tape necessary.

"ECONOMY SHOP" TO BE OPENED BY CIVIC BODY

The Economy Shop of the Child Welfare Association, on E. North-st., will be open Saturday at 9 a. m. Many requests have come in the department for articles of clothing and they may now be procured there at a small cost.

Miss Emma, director of the department, reports that several new families have come under the care of the organization and the money realized on the Economy shop will be used in caring for these dependent children.

REPORT FILED

WAPAKONETA — (Special) — Report of real estate sale was filed in probate court Friday morning by Philoma Reichelderfer as executrix of the estate of William Reichelderfer, deceased.

RELATIVES SUCCESSFUL IN SEARCH

Last of Three Men, Drowned Saturday, Recovered

IDEAL WEATHER IS SEEN

Calm Water Aids Finding of Lima Contractor

Final chapter in the triple tragedy Saturday afternoon on Indian lake, when Roger Boose, Harold Dabold and W. Pierce Cahill were drowned, was closed at 11:30 a. m. Friday with the recovery of Cahill's body from its resting place on the bottom of Indian lake near Black Hawk landing off Hurley channel. It was 100 feet southwest of the spot where Harold Dabold's was fished from the lake Wednesday morning.

Albert Benedict, brother-in-law of the drowned man, and Herman Rubien, a nephew, brought the body to the surface out of approximately eight feet of water cleared of stumps and underbrush, just a few minutes before the 12 boatloads of searchers started for Lakeview to abandon the morning's search.

Finding of Cahill's body ends a six day search of the lake. Body of Roger Boose was found Monday morning wrapped around a stump off of Black Hawk landing in the shadows of the flags and only a few feet distant from shallow water.

SECOND FIND

Wednesday morning, four days after the tragic ending of the duck hunting expedition, the lake yielded Dabold's body 100 feet distant from Big Flag Island in approximately seven feet of water. The body was also found attached to one of the many blind stumps in the lake.

Cahill's body lay at a spot 100 feet southwest of Dabold's and approximately the same distance from Boose's body.

While the true story of the tragedy is one of the many tragic mysteries of Indian lake and probably will never be known, searchers believe that Boose and Dabold both attempted to save their lives by swimming after they had lost trace of Cahill in the darkness after the boat capsized, throwing the corpses into the icy waters.

UNABLE TO SWIM

Cahill was unable to swim, while the other two were known as experts. Boose had succeeded in getting one boot from his foot. Dabold had ripped one boot strap loose and had partially removed the cumbersome footwear. These facts along with the locations where Dabold's and Boose's bodies were discovered leads to the belief that Boose and Dabold struck out for shore in opposite directions after Cahill had drowned near the spot where the boat overturned.

Cahill's body when taken from the lake was fully clothed and in good condition considering the fact that it had rested on the lake bottom. The body was found in an open water area off of the channel, leading to the supposition that the body had been rolled on the lake bottom by the waves and restless waters of the lake, which had calmed Friday and made the day an ideal one for the small body of searchers who ventured on the water early in the morning under command of State Patrolman Clayton Hurman.

REWARD HOUSTED

While boatmen were combing the bottom of the lake Friday morning for Cahill's body, business men of the city were considering an added incentive to the hunt. At 11 a. m. a meeting of the Board of Commerce headquarters they agreed to boost the reward from \$100 to \$500.

Following the finding of the bodies of Roger Boose and Harold Dabold, companions of Cahill on the fatal trip, many boatmen gave up the hunt and with the exception of George Newland, trader of fish at the harbor and a few more searchers, who were still on the lake, the hunt was progressing slowly Friday morning.

Two business men were present at the meeting at which it was agreed to add \$100 to the present reward of \$100. They also decided to make an extra \$100 in cash and the Toledo detective who added to the search Wednesday. These present at the meeting were George Newland, trader of fish at the harbor and a few more searchers, who were still on the lake, the hunt was progressing slowly Friday morning.

The body was found a few minutes before the official announcement of the reward was made. Chief of Police Lanker and Harry D. Wirt, who returned to Lakeview immediately after the meeting, were ready to circulate the reward offer among the inactive boatmen on shore.

Y WORKER TO BE SPEAKER

Jay C. Field Obtained for Sunday Morning Breakfast

20 YEARS IN S. AMERICA

Annual Event Here to Be of Great Interest

With 20 years of experience in Y. M. C. A. and his work among the principal cities of South America, Jay C. Field, speaker at the Sunday morning breakfast to be held under the direction of the Foreign Work club of the Lima Y. M. C. A. on Sunday morning, is qualified to speak with authority on all phases of life in these South American countries. T. P. Pearson, general secretary, says that Field is a graduate from Albion college in Michigan. Field entered the mission work of the Methodist Episcopal Church at La Paz, Bolivia. After several years of service, he returned to the United States and was associated with the Y. M. C. A. in New York City for several years. In 1915, Field returned to South America, entering Y. M. C. A. work at Montevideo, Uruguay. Later he was transferred to Buenos Aires where he was instrumental in the development of youth work in that city.

Field next opened up a Y. M. C. A. in Lima, Peru, where he has served as general secretary for the last seven years. Y. M. C. A. work in the Peruvian capital has developed until the association now has a fine, modern building and a staff of Peruvian secretaries under Field's direction.

Introduction of the spirit of the Y. M. C. A. program in South America has done much to offset the evils of gambling and other forms of vice to prevalent among the young men of South America, Field says. Basketball, track and gymnastic activities are a joy to the young men and the younger business and professional men.

Field is an expert in Spanish and an authority in English-Spanish translations. It is said, he is spending this year in the United States lecturing before churches, schools, colleges, Y. M. C. A. and church groups.

The local Y. M. C. A. annually holds a Sunday morning breakfast under the direction of the Foreign Work club of which J. C. Watson is president. The breakfast Sunday will be held at 8 a. m. and the general public is invited. Reservations can be made at the Y.

PUTNAM-CO WOMAN ASKS DIVORCE FROM HUSBAND

OTTAWA — Mrs. Helen Decker, of Fort Jennings, has filed suit for divorce from Alphonse Decker, charging extreme cruelty and seeking alimony and costs of the suit. Mrs. Decker asserts in the petition that in June of this year her husband beat her an that he frequently drove her from the house in the night time and compelled her to remain away for hours at a time.

Hearing for temporary alimony and the granting of costs to filing the petition will be heard on next Monday afternoon. They were married on April 18, 1913, in Detroit and have two children, Albert, 5, and Rene, 4.

CITIZENS WOULD SAVE SHIPS

First Skirmish on Over Scraping of Vessels

WASHINGTON — The United States first skirmish in the battle to halt scrapping of American battleships until the relative status of the United States navy in the 5-5-3 ratio established by the arms limitation pact is determined, started in the District of Columbia supreme court here today.

Secretary of the Navy Wilbur was to the suit filed by Wilbur Baldwin Shearer, of New York, asking an injunction, restraining the navy from carrying out plans to sink the \$30,000,000 partially completed battleship Washington by airbombs in Chesapeake bay next Wednesday.

GOVERNMENT REPLY

Wilbur will be represented in court by Attorney General Stone, who will file a brief setting forth the government's reply. In effect it will be that the arms pact requires the destruction of the ships, that congress has given the president power to carry out the terms of the treaty and that the navy is within its rights in destroying the Washington in air and land the loss rather than selling it for junk.

Whatever the outcome of the suit, which is expected to be decided in the government's favor, it seems certain that the controversy will be transferred to congress next month and that a complete investigation of the actual condition of the navy and its strength in comparison with those of Great Britain and Japan will be held.

GOES TO CONGRESS

Senator King, Democrat, Utah, heads a strong navy faction in the upper house and has introduced a resolution providing such an inquiry, while Representative Fred Pitten, Republican, Illinois, is sponsoring a similar inquiry in the house.

When the navy's \$150,000,000 construction and repair bill comes up for action next month, both these investigations probably will be put under way.

The British empire is permitted a larger capital ship tonnage under the Washington arms treaty than is the United States, Secretary of the Navy Wilbur indicated in his answer to the Shearer suit. Wilbur, then Assistant District Attorney West moved dismissal of the action brought by Shearer.

DIVORCE GRANTED

COLUMBUS GROVE — John J. McManis, Jr., has been granted a divorce from Helen Murray, his wife, by Judge J. J. McManis. The court decreed no support or alimony to Mrs. Murray who now is said to be residing in Lima. Murray claims that she took money in exchange for the payment of bills and converted it to her own use. They have no children.

HUNTING NO COMEDY, LIMA HUNTERS FIND

Newfoundland Sport Disagreeable, Gray Asserts

FOUR CARIBOU ARE SHOT

Eventful Trip Interesting to Four Local Men

Hunting in Newfoundland is a disagreeable but a sport, says a local hunter, who returned this week from a two-weeks trip with a party of hunters who penetrated to within 100 miles of the Arctic ocean on the northern side of the island. The sportsmen were Gray, Ray, Kelly, Cliff Smith and Fred Kelly.

Caribou hunting cannot be done to the west side of the island, as it is too difficult to stalk the animals, and

when frightened they run a short distance and then stop and look back. If the hunter misses the first shot, he can follow along and get another, and another until successful.

Gray compared hunting the animal to shooting an old cow in a pasture. Only steps are allowed, and the natives are slaughtering the deer for meat.

MINAS FARMERS GROW RICH

One Brazilian State Laughs at Revolution

BELLO HORIZONTE. Minas Gerais Brazil—Altho Minas Gerais borders on the state of Rio de Janeiro and Sao Paulo, and spreads over the central Brazilian plateau with a square mileage nearly equal to that of Texas, the rumors of revolutions and the spattering of machine guns in the surrounding states have not excited the contented Minas farmers. They are selling plenty of coffee and cattle at good prices, and the state government has lots of money in its pocket, thereby making unnecessary a policy of heavy taxation.

LARGEST POPULATION

More people live in Minas Ge-

than in any other Brazilian state. The population totals between 6,000,000 and 7,000,000. About 5,000,000 live in the country or in towns of less than 2,000 inhabitants. There are only two cities having a population over 25,000, another proof that the state is rural in its make-up.

These are Belo Horizonte, the state capital, with 60,000, and Juiz de Fora, a manufacturing city of about the same size.

LAND IS CHEAP

Land is cheap, selling from 10 cents to \$10 an acre. Farm hands can be secured for three to six milreis a day, or about 20 to 60 cents at the present exchange rate.

The state had a balance in the banks of 17,000 contos, or about \$1,700,000, at the end of 1921.

FOUR PERSONS SEEKING CITIZENSHIP IN U. S.

OTTAWA — Declaration of intention to become citizens of the United States has been filed by T. Deiter, county clerk of Ottawa within the past two days.

At the same time

Miss Martha Lang, 25, housekeeper, New Cleveland, filed her declaration Thursday. She was born in Freiburg, Germany, and came to the United States by way of New York on Oct. 1, 1921.

Two other foreign-born also have filed first papers in naturalization. They are Julian DeBel, 21, and Carl Brackel, 22, laborers, both of Leipzig. Both were born in Belgium. DeBel came to the United States in April, 1920, to Braintree in June, 1921, both securing their spot of New York.

BERLIN — The reintroduction of the life-saving medal has been recommended by the Prussian government. The medal and all orders and decorations of former Imperial Germany were abolished by the Weimar constitution.

LOWER RATE IS PETITIONED

Bar Board Chiefs Recommend Price Cutting Program

PARIS — (By Associated Press) — The organizers of international fairs met recently under the auspices of the International Chamber of Commerce, Brussels, Belgium, to discuss the possibility of a reduction of 50 per cent on transport charges to the benefit of the exhibitors and merchants. The reduction is to be granted on all lines, irrespective of the countries through which they may be passing. Reduction of 50 per cent on transport charges to the benefit of the exhibitors and merchants is to be granted on all lines, irrespective of the countries through which they may be passing. The application of reduction of rates relating to visas of passengers. The extension of the system of temporary admission in countries which have not yet adopted it and the simplification of formalities of clearance through the Customs. That propaganda documents of international fairs be admitted free of duty.

OPERA BY PHONE

Nickel in Slot Gives Listeners Music

MUNICH — (By Associated Press) — Put a nickel in the slot and hear tonight's opera performance in the latest Munich slot. The telephone administration has just opened four operating units in Munich suburbs, where long rows of pay telephones wait for customers, eager to hear grand opera for 50 pfennigs. Telephone subscribers may use their phones at home against a monthly fee for the opera service. When the subscriber, who listens to grand opera is wanted by another subscriber, the exchange interrupts the entertainment for the duration of the conversation. The transmission is entirely over wires and has nothing to do with radio. Subscribers, however, are allowed to hook up amplifiers and loudspeakers as used in the radio field.

JAPANESE RAILROADS TO BE ELECTRIFIED

LOS ANGELES — Electrification of some 400 miles of main lines of the Japanese government railway forms a part of the industrial program providing for many public improvements adopted in Japan. It was stated here by T. Ogawara, of Tokyo, assistant director of the government railway engineering bureau. Ogawara heads a group of five Japanese railway officials in this country to purchase electrical equipment for the new system. During their stay they will inspect hydro-electric plants, electric railways and the establishments of the leading manufacturers of electric equipment.

PAGE MEMORIAL HOME IN ENGLAND TO BE ERECTED

LONDON — A Walter Page Memorial Library is to be established in the English Speaking Union when that organization obtains a permanent home in London. The library is to be built up from funds which remained over after the Page Memorial Tablet placed in Westminster Abbey had been made by admirers of the late American ambassador to the court of St. James. Meanwhile, the interest of the fund is being used for the foundation of a Page Memorial Lecture and two traveling scholarships for scholars, secondary and elementary school teachers. The first memorial lecture will be delivered by Sir Auckland H. D. D. in British Embassy at Washington, on the 10th of November. The lecture will discuss "The Future of Ambassadorship."

IRISH CONSIDER AUTO EVIDENCE OF WEALTH

BURLIN — The laws of Ireland forbid a man who is a pauper seeking relief from the state, he must apply to the district where he was born. He has lead recently to a man who has lived for years in the United States, applying for admission to his workhouse. The authorities of Enniskillen, Northern Ireland, recently were called upon to consider the case of a woman pauper who came to the workhouse claiming to be a native of Enniskillen. She was a married woman, principally because she had no other means of support. This was shown by the fact of means, and she was ordered to return to her home.

UNEMPLOYMENT JUMPS IN IRELAND, GREAT BRITAIN

LONDON — Unemployment in Great Britain and Ireland rose to a new high in September. According to figures published by the Ministry of Labor, the number of unemployed in Great Britain rose from 1,100,000 at the end of August to 1,200,000 on September 29. The Gazette also records another advance of four points in the index of unemployment on October 1. The index figures rose 78 against 72 on September 7 and 69 on September 1. These figures indicate a percentage advance in prices over the pre-war level.

LIQUOR HUNTING NOW POPULAR

Rum Ships Wrecked Along
Shores of Pacific

TACOMA, Wash. — (By Associated Press) — The days of treasure seekers after pirate caches may be gone for the storied South Seas, but they are just beginning for the residents along the ocean beaches of this state. More than one vessel, laden with liquor from British Columbia and bound for ports in Washington, Oregon and California, has piled up on one of the beaches as the result of gales or poor navigation or both.

Such a vessel soon is pounded to pieces by the surf, and the liquor on board buried in the sea or scattered among the driftwood along the shore to await the discovery of treasure seekers.

The last rum-runner to suffer such a fate was the halibut boat Alfa, loaded with 212 cases of whiskey and gin. It is believed that Alfa was headed for Willapa Harbor, north of the Columbia river. A storm buffeted the craft and evidently opened up her hatches. To save themselves the crew headed for the beach at high tide. They escaped, leaving the Alfa at the mercy of waves and wind. Before customs officers arrived much of the liquor had been removed, and the rest of the cargo could not be salvaged because the waves had dug a "grave" for the vessel. But the sea gradually will work the wreck into the beach and put the liquor within reach of industrious and thirsty treasure hunters.

SCIENTISTS MEET

PHILADELPHIA, Nov. 14. — A congress of 300 Russian scientists was held here recently. Professor Lomskoff of Prague University presided.

How To End Bladder Trouble

Remarkable results in quickly clearing up long-standing cases of bladder trouble and weak kidneys are being obtained with a valuable medicine known for many years, but has only recently been put up in easy-to-take, tasteless capsule form. Two frequent or painful urinations, backaches, tired feeling, headaches, indigestion, insomnia, rheumatic twinges, etc., disappear almost overnight when the real cause is removed. This remarkable remedy is known as HAZARDON, and was originally compounded by a famous Holland chemist. It goes direct to the overworked and congested kidneys and bladder and forces them up and restores them to normal working order after 24 hours. But be sure you get the genuine HAZARDON. HAZARDON, imported direct from Holland and put up in tasteless capsules, costs only five cents and sold under an absolute money-back guarantee. Ask these druggists: A. T. Balthus, Fred L. Butler, Butler's Drug Store, Argonne Drug Store, M. M. Kettner.

LADY COULD NOT RAISE ARMS

Had Awful Rheumatism;
States the Plant Juice Gave
Her Blessed Relief

SAYS IT WAS LIKE MAGIC

"I was almost helpless—could hardly get up or down—and had such rheumatism in my arms that I could not raise them, but your Plant Juice simply acted like magic in my case and has relieved me and it certainly is a

MRS. JOHN KNOTT

pleasure to endorse such a wonderful medicine," said Mrs. John Knott, well known Toledo, Ohio, lady living at 649 Herr street, that city, while talking recently with "The Plant Juice Man."

"The rheumatism was terrible," Mrs. Knott continued. "I had pains in my limbs and in my back and my joints were always so sore and painful that I could hardly get up or down. And the rheumatism was so bad in my arms that I could not even raise them. Besides this rheumatism, my kidneys were disordered, liver was in a sluggish, torpid condition and I was suffering badly from constipation. I had dizzy spells and headaches. And I was so nervous that I never could sleep right and, in short, I was all run down and felt miserable in general."

"But as I said before, your Plant Juice has given me wonderful relief from all of this suffering—in fact, it seemed to get like magic upon my entire system. The rheumatism is greatly relieved so that now I can raise my arms and use them almost as well as I ever could; and those pains in my back and limbs are disappearing. I can get up and down now without any effort. In addition, my liver and kidneys are acting normal now and I have been relieved of the headaches and dizzy spells. I am not nervous or restless as I was before and sleep well."

Plant Juice is sold in Lima by Hunter's drug stores, 49 Public Square, and Main and Wayne Streets; and is sold also by the Argonne drug store, oppo. Post Office.

Richman's famous factory in Cleveland. This mammoth establishment is known in almost every industrial center as one of the greatest examples of efficient quantity production of clothes of exceptional quality and value; it is equipped with every modern appliance to product excellency of workmanship.

From our own Cleveland factory direct to you, with just two profits, yours and ours—no middlemen.

CRIPPLED AIDED IN SCHOOLS
Physical Education System Includes Athletics

BERKELEY, Cal. — The University of California's system of physical education has been extended to include students who are physically handicapped, but are not required to forego all exertion conducive to building up their bodies.

As Prof. Frank L. Kleeberger, chairman of the department of physical education, explained it: "Many students who are incapacitated in one way or another apply for permission to be excused from work in this department because they think that it is impossible for them to pursue such a course. Yet they are anxious to engage in something that would build along athletic lines. After we have secured permission from leading physicians, we have in many instances been able to place such students in special classes, with results very gratifying."

University gymnastic teams in recent terms have included three handicapped men. One student with a withered arm has become adept in basketball.

"Physical education does not necessarily mean physical exercise," said Prof. Kleeberger. "Many times we recommend abstinence from physical exercise and advise certain regular living habits which tend to build up the nervous system. Diet also plays an important part."

SPOTS DOT SUN
Fear of Earthquakes is Dispelled by Scientists

BERKELEY, Cal. — (By Associated Press) — Fear that earthquakes may result from the accumulation of spots on the sun is without scientific basis, according to W. L. Meyer, associate professor of astrophysics at the University of California.

The sun spots, which have been causing much speculation lately, are under continual observation.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength — just how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out — general weakness and a gradual breakdown of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions — pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the firming giants of Nature. S. S. S. is one of the greatest blood cell builders, blood cleansers and body builders, known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it rids rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. Makes You Feel Like Yourself Again

Relief in One Minute

CORNS

Now get relief in one minute from smarting, burning, itching corns with Dr. Scholl's Corn Pads. They remove the cause — friction and pressure. Thin pads to apply, antiseptic, healing ingredients. Nothing so quick and sure has ever been known to shoe dealer.

Dr. Scholl's Corn Pads

High St. Flower Market

Ferns, Bulbs, Potted Plants, Cut Flowers

at the university and at other observatories.

Professor Meyer said: "Altho these spots are constantly coming together and breaking up to form new ones, the total area is not increasing to any appreciable amount. As far as we know, they have nothing to do with cyclones on the earth, or with our weather conditions in any respect. The only noticeable effect is on the auroral displays at the Pole and in causing magnetic storms, which sometimes interfere slightly with telegraphy."

SUZANNE PLANS COMEBACK
French Tennis Star to Return to Courts

NICE, France — (By Associated Press) — Suzanne Lenglen, completely recovered from the illness which caused her to withdraw from the Wimbledon tennis tournament and remain away from Olympic competition, has started in light training on the courts of the Nice Tennis club, of which her father is the manager, with a view to resuming in the tennis world the position which she occupied in 1923.

Whether she is successful or not, it is her present intention to retire at the end of 1925. But "womans vary," said old King Francis the First of France, and among her friends and acquaintances Suzanne's emphatic expression of her determination to abandon tennis is received with some pessimism.

Suzanne is about 15 pounds over her best playing weight and she intends to take things easy, gradually rounding into form during the Riviera tournaments, playing doubles and mixed doubles. She may not play singles until the spring tournament of the Nice Tennis club next March.

Meanwhile, Mlle. Emilienne Vlasto, French 1924 champion, finalist against Miss Helen Wills in the Olympic Games and Suzanne's most dangerous opponent in France, recently was married and probably will play no more tennis.

MOSES WITH HORNS IS EXPLAINED BY SCULPTOR

CHICAGO — How the statues of Moses came to be made with short horns protruding from each side of the forehead, is explained by Lorado Taft, noted sculptor here, to have been due to the improper translation of the word "glory" by sculptors of that period.

"The Hebrew word for 'glory' also meant 'horn,'" Mr. Taft said, "and in translating it into Greek the word 'horn' was used instead of 'glory.' Hence, the sculptors of the period literally carried into effect this improper translation."

"Thus in the great statue of Moses by Michael Angelo, we see horns equipping him with horns. The making of the American statue was of a more size in marble, and was designed for the tomb of Julia, but the tomb was never finished and the statue is now in the church of San Pietro, in Velletri, Rome."

FIGHT IN CHURCH

HULL, England — Two ushers in a church here engaged in a fierce fight over possession of a collection box. One of the ushers claimed that the other took the plate from him by force and presented it at the pulpit in order to win bigger favor in the eyes of the pastor. Police were called to stop the battle.

STINES DIVORCE CASE HEARD

Lima Policeman Involved in Testimony to Court

FRANK STINES, 36, of Lima, was heard in court today by Judge J. H. B. Smith in the divorce case against his wife, Mrs. Stines. The case was heard in the afternoon session of the court. The divorce was granted on the grounds of extreme cruelty and gross neglect of duty. The court found that the husband had been cruel and brutal to the wife for a long period of time. The wife was awarded custody of the children and the right to the marital home. The husband was ordered to pay the wife's expenses and the costs of the suit. The divorce was granted without prejudice, meaning that the parties may seek to annul the divorce at a later date.

"I Didn't Like School," Plea Given By Girl

Girl Pleads Not Guilty to Charge of Truancy

A girl, 16, who was charged with truancy, pleaded not guilty in court today. The girl was charged with failing to attend school for a period of several weeks. Her attorney argued that the girl was not a truant because she was not a regular student. The court found in favor of the girl and dismissed the charges.

FLAMES SWEEP CITY BLOCK

Fire Destroys Several Buildings in Downtown Area

A fire broke out in the downtown area of Lima today, destroying several buildings. The fire started in a small building and spread quickly to the adjacent buildings. The fire department arrived quickly and fought the fire for several hours. The fire destroyed a total of five buildings, including a large commercial building. The cause of the fire is still under investigation.

Mainly About People

Local News Items and Community Events

Local news items and community events. A group of people were seen walking down the street today. The group was made up of men and women of various ages. They were walking in a line and talking to each other. The group was seen in the downtown area of Lima.

REPORTED QUAKE KILLS 300

Java Said to Be Center of Tremor

A reported earthquake in Java, Indonesia, killed 300 people. The earthquake was reported to have been centered in the Java Sea. The earthquake was felt in several areas of Java and caused significant damage to buildings and infrastructure. The death toll is still being reported.

WARD DIVORCE

Divorce Granted on Grounds of Cruelty

A divorce was granted today on the grounds of cruelty. The court found that the husband had been cruel and brutal to the wife. The wife was awarded custody of the children and the right to the marital home. The husband was ordered to pay the wife's expenses and the costs of the suit.

Gypsies Slowly Dying Out

Million of 25 Years Ago Cut to Less Than 600,000

BUDAPEST — (By Associated Press) — The gypsies of the world are said to be dying out.

This is especially true of the nomadic tribes which have roamed about Europe since the beginning of the fourteenth century. They have not been able to keep pace with modern civilization.

While definite figures are lacking, it has been estimated that only 600,000 gypsies remain in all Europe today. In all countries, there are less than 100,000 left, while in some countries, such as Hungary and Rumania, they are almost extinct.

Of these approximately 100,000, only the gypsy language, which is a mixture of both Magyar and Rumanian, as well as of various European dialects, where the gypsies have settled down, entering trade in the villages, till the soil or serving as musicians and singers. But there are still many thousands wandering over the continent, living out an existence of poverty and suffering.

Nickel Movies Gone Forever

PARIS — (By Associated Press) — Cinematograph show proprietors are loud in their complaints against the high cost of carrying on their trade. Their principal expense, the hiring of a program of films, has increased thirtyfold since 1915.

were 100 francs for hire of films a week, experienced operators, 120 francs a month, a good first violin, 250 francs a month, taxes 35 francs. At the present time, however, the same entertainment costs 1,000 to 3,000 francs for hire of films a week, 800 francs a month, first violin, 1,200 francs a month, taxes, 4,750 francs.

TOLEDO — William Mayo, for 14 years chief of the Toledo fire department, died at his home here following a stroke of paralysis.

"O, It's Nice to Get up in the Morning"

When you get a whiff of those good old fashioned griddle cakes. They start the day just right — if properly baked.

And that's one place that baking powder is put to a real test—in griddle cakes. When they are flat and soggy—when they fail to raise—blame the leavener and try

CALUMET

THE WORLD'S GREATEST BAKING POWDER

When you put the turner under the first cake you'll be surprised how light it is—how evenly raised, how perfectly baked.

Everything in which you use Calumet turns out the same way—there are no losses—no failures.

Expert chemists closely guard the purity of Calumet during every stage of its making. Skilled Chefs make frequent baking tests of it right in the big factories before it is packed. That's why its baking qualities are so absolutely uniform. The can you buy today contains the same perfect quality as the first can did over thirty-five years ago.

NOW is THE TIME

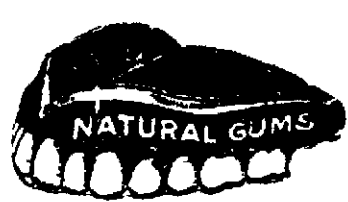

DON'T PUT IT OFF

THIS is the time of year when you are apt to take cold—cold nights, with changeable weather will cause you a lot of trouble if you have bad teeth. A sensitive tooth is unbearable compared, and to suffer with the toothache is useless, for with modern dentistry the pain can be stopped and the cause removed in a very few minutes—and what is more, the price is within the reach of every man's pocketbook.

We are the largest Dental Organization in the State of Ohio—having offices in Dayton and other cities. This office is under the personal supervision of Dr. Edwards.

Painless Extracting 50¢

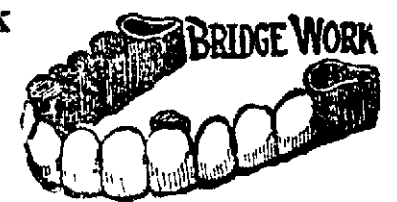

A true to nature gold print set of teeth that dentists charge from \$25 to \$40 will be made in this office for the next 15 days for \$14.50

SCHOOL SURVEY AIDS FUTURE

Education for Greatest Good Required, Professor Says

EVANSTON, Ill. — A sweeping educational inventory of North western University will be made by prominent educators of sister universities, President Walter B. Scott has announced. Every department and school in the college will be inventoried. The first attempt of its kind made by a major institution, he said.

The public is aware that the number attending institutions of higher learning has increased, and that the cost of education has increased at even a faster rate, said President Scott. "These changes are, however, among the changes of those that the university is altering to meet the needs of the future," he said. "We are altering our methods of attaining our educational objectives, and we are altering our methods of attaining our educational objectives."

Administrators are not only to adopt new methods, but to forecast the future of education in an attempt to make the greatest service to the community and the advancement of civilization. The survey is being conducted in a series of steps and in breadth. It will compare favorably with any survey made by any individual or educational institution.

The survey includes: Columbia University, Dr. W. J. P. Lyon, University of Wisconsin, Dr. C. R. O'Connell, University of Minnesota, Dr. Frank Scott, University of Minnesota, Dr. J. H. Hayden, University of Wisconsin, Dr. J. H. Hayden, University of Wisconsin, Dr. J. H. Hayden, University of Wisconsin.

SWITZERLAND'S BUDGET FOR 1925 HAS DEFICIT

BERNE — Switzerland's budget for 1925 shows a deficit of 15,000,000 francs (Swiss). The government believes that this will be the last year that there will be a deficit. Every budget since the war has shown expenditure in excess of receipts. Swiss exports to American for September increased as compared with the previous month, for the consular district of Berne, the increase being \$120,000, mostly in cheese and watches, and for the District of Basle, \$338,000, chiefly silks and chemicals.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, croscote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist Creomulsion Co., Atlanta, Ga. (Ads.)

Warns Middle-Aged Women To Check High Blood Pressure

Thousands of women at the changing time of life are in danger of high blood pressure. It is caused by poisonous waste matter accumulating in the system or the weakening of one or more organs. The forces the heart to do more work and raises blood pressure.

The symptoms are dizziness, shortness of breath, head pain, flushed face, nervousness or sleeplessness. High blood pressure must be treated and stopped for every disease, apoplexy and often sudden death. It is too dangerous and quick acting to go without heeding its symptoms.

Norma is a doctor's prescription for high blood pressure that has been used with great success. Being a purely vegetable medicine it contains no habit forming drugs. It is a natural blood purifier that it drives out waste matter, restores the duty of the over-taxed heart, reduces blood pressure, and restores the body to its normal state. Get a bottle of Norma today and free yourself of life shortening high blood pressure.

For sale by Hunter's Drug Stores and Enterprise Drug Stores.

MRS. HARDING NOT SO WELL SAYS PHYSICIAN

MARION O.—Mr. Warren G. Harding's condition was improved early today over what it was last night when he suffered with an attack of an ailment known as a heart attack. Dr. C. L. Sawyer said this morning. An official bulletin said.

Mr. Harding had a rather restless and painful night. He had heart symptoms which developed last evening. A physician's examination this morning showed no serious condition but it was not so well.

Y. W. C. A. TEA IS SUCCESS

Miss Martha Dennison Tells of Work in India

Many women and girls of the city were present for the World Fellowship Tea Thursday afternoon at the Y. W. C. A. rooms. The rooms were decorated in appropriate colors bringing out the purpose of the meeting "Fellowship".

Miss Martha Dennison of Indianapolis, Ind., was the chief speaker of the afternoon. She told of the Christian work in India, the cooperation of the Y. W. C. A. with the Indian and similar organizations.

She also stressed the need of more education in India. Of 112,000,000 of the population, only 10,000,000 are literate. The Y. W. C. A. is working to bring about a change in this condition. She said that the Y. W. C. A. is working to bring about a change in this condition. She said that the Y. W. C. A. is working to bring about a change in this condition.

BIG STOCK DEAL REVEALED

Hawkins Mortgage Co. Trial on at Indianapolis

Approximately \$7,000,000 worth of stock which was sold

by the Hawkins Mortgage Co. through Northwestern Ohio and southern Indiana, is worthless according to government officials who are attempting to prove their stand in the federal court at Indianapolis.

A share and was to give the purchaser an interest in a number of subsidiary companies, was diverted to the Hawkins Co. itself and the concerns never materialized.

J. F. Fagan, of Omaha, expert accountant employed to audit the books of the Welfare Loan societies which were organized in 1922, said the Hawkins Co. sold stock for the organization of 104 loan societies, of which number only 32 had opened.

Out of the money received from sale of stock in these concerns at that time \$945,312.52 was appropriated by the Hawkins Co. for its own use, the books showed. Egan testified.

DINNER RAFFLES LONDON — Penny raffles for Sunday dinners are the vogue in some London week-end markets. Chickens and side dishes are the fare that have drawn even more prominent society women to their stalls to the market place.

CHARGE MADE OF REAL BEER

Ohio Brewers and Cafe Owners Face Indictments

CINCINNATI—(By Associated Press)—Several more arrests were expected today on the secret indictment opened by federal officials here yesterday, which charged conspiracy to violate the prohibition laws and named 14 persons including two officials of the Home City Brewing Co. of Springfield, O., employees of the brewery and several Cincinnati cafe owners. A number of the defendants were arrested yesterday.

Julius Brossart, president and Robert C. Lowenthal, secretary of the brewery, will surrender themselves and be arraigned in United States district court here this morning. With them will be arraigned Fred M. Kramer, chief engineer of the Springfield brewery, Charles Anderson, night engineer, "Doc" Tress, cellarman, and William Cooper, Springfield, said to have purchased beer from the brewery.

TWO ARRAIGNED
August Peans and Patrick Gannon, Cincinnati cafe proprietors, were arraigned before Judge Hickenlooper last night. They entered pleas of not guilty and were released on bonds of \$5,000 and \$1,000 respectively.

Another defendant, William Frost Jr., who was arrested at Albany, N. Y., at the request of District Attorney Haveth E. Mau, will be returned to Cincinnati in a few days.

The names of those defendants not apprehended were withheld by government officials.

Investigation leading up to the return of the indictment covered several months, Mau reported, and was participated in by both federal and state prohibition agents. It was said discovery of "real" beer on a truck which had been taken down on the way from Springfield to Cincinnati provided the first clue.

Following it up, it was said, disclosed that beer from the Springfield brewery was being transported in large quantities to cafes and road houses in southern Ohio.

CONSPIRACY CHARGED
The indictment charges that various defendants with having conspired together from Jan. 1, 1921, to the date of the return of the true bill to manufacture beer containing alcohol in excess of one-half of one per cent by volume, and to possess, sell and transport the same in violation of the Volstead act.

Brossart and Frost, who are charged with the manufacture of "real" beer and is one of the overt acts charged, cannot Brossart is the sale of beer to certain defendants for \$10 a barrel. Frost Jr. is charged with having transported large quantities of beer in trucks from Springfield to Cincinnati.

Peans, Gannon and others are charged with having received beer from the Springfield brewery. Brossart and Lowenthal are charged with delivery of beer to various of the defendants.

Best Product is Made in America, Expert Says

Is it possible to detect at a glance whether or not a person has an artificial eye?
"At the present time there are more than 200 people in the city of Lima wearing artificial or glass eyes and it is practically impossible to distinguish them from the natural eye," A. C. CaJacob, optical goods dealer, asserts.

The science of making, matching and fitting artificial eyes almost has reached the perfection of that of artificial limbs or teeth, CaJacob says.

The most perfect artificial eyes are made in the United States and are rather expensive, but most of the eyes in use are made in Germany. The shape of the artificial eye and the diameter and color of the pupil are all matched with the natural eye until both have exactly the same appearance.

People in different parts of the

earth have different colored eyes and artificial eyes in stock are separated accordingly. Negroes all have brown or black eyes and CaJacob has a case of artificial eyes for colored people only. An other set of blue and brown eyes are for people who live in temperate zones while a set of very light colored eyes are for those people who live, or whose ancestors lived in the far north.

EYES INSURED
Seventy-five per cent of the artificial eyes in use are used by men and women whose eyes have been removed thru or following an accident to them, according to CaJacob. The other 25 per cent have had their eyes removed because of their diseased condition in order to save the sight of the other eye.

The average life of an artificial eye is slightly over a year, according to CaJacob. This is because the secretions from glands near the eye cause a chemical re-

action with the glass in the artificial eye and it scratches the surface, causing pain and annoyance, or else works thru the glass into the hollow part of the eye, where it forms a gas and explodes.

Cases of ninety per cent of those having artificial eyes fitted can be handled without much trouble, but a few need the attention of a plastic surgeon to get the flesh around the eye in shape for the small operation of fitting the artificial eye, the local optometrist says.

The per cent of people wearing artificial eyes in Lima and Altoona is decidedly lower than that of some other districts, notably Youngstown, Pittsburgh, and other industrial centers, where employees work where steel splinters can penetrate into the eye ball and cause loss of sight.

BETTER QUALITY HATS AT \$5.00. RAY'S, 116 W. MARKET ST.

MARK HOLDERS ANXIOUS

Inquiries Pour in from America About Money

BERLIN — (By Associated Press)—A good many Americans who possess German paper marks bought at bargain rates in the days of deflation still cling to the hope that the mark will come into its own again, judging by the number of letters received by the American Chamber of Commerce in Germany from various parts of the United States.

Many of the writers are women, who inquire how much longer

they must hold the notes before they are redeemed by the German government.

The paper mark went out of business a year ago this week, when the Rentenmark came into use. There was then so much of it on hand that in numerous instances banks and other institutions turned the marks over to junk dealers by the ton.

Most of these notes, which toward the end of the inflation period were not worth the paper used in their manufacture, have been destroyed or made into paste-board boxes and the like.

RUB PAIN OUT OF RHEUMATIC JOINTS

For 65 years, millions have rubbed soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time they say Jack Robinson—out comes the rheumatic pain and distress. St. Jacobs Oil is a harmless rheumatism and pain liniment which never disappoints, and it doesn't burn the skin. It takes pain, stiffness and stiffness from aching joints, muscles and bones; stops

cough, cold, flu, sore throat, neuralgia, all sorts of aches and pains, and all sorts of rheumatism.

"My dear - simply perfect!"
Yes, perfect every time and it keeps fresh for days . . . for now I use only the new Kitchen-tested Cake Flour!

Don't say you cannot make a cake. It is easy. If you tried and failed—probably your flour was to blame. It takes a special kind of fine, plump wheat—with a tender, pliable gluten—to make good cake flour.

But even the best flour may play tricks—unless it is Kitchen-tested. That is why in our big kitchens we test every single batch of the new Gold Medal Cake Flour. That is why—every time—you can make such remarkably good cake.

My staff and I bake cakes continuously. From every batch of Gold Medal Cake Flour made. Every cake we make must pass 3 tests. It must be perfect—light, tender, delicious. Every cake must be as good as the one before. Every cake must keep its original freshness 3 whole days.

This new cake flour, madam, Kitchen-tested—to give you a perfect cake every time—one that stays fresh 3 whole days. Try it for your own delight. Just phone your grocer for a package now.

Sincerely,
Betty Crocker

LIMA'S BUSY STORE

CHURCH TO HOLD SERVICES

Evangelist Robert M. Sand Leads Three Week's Campaign

CHAUTAUQUA FAVORITE

Full Program Outlined for Opening Sunday

Rev. Robert M. Sand, noted chauteauqua lecturer and minister, will open the evangelistic campaign at the High-st. U. B. church Sunday with several addresses. Song director O. R. Roberts, of Lima, will aid Sand in conducting the campaign, which will be of three weeks' duration, and will close Dec. 7.

The opening Sunday will mark the first evangelistic meeting to be held in the new church which was dedicated Aug. 10, according to Rev. J. B. Bovey, pastor, who attended the coming campaign. Sand will speak Sunday morning and evening on the following subjects: "What It Means to Be a Christian," "The Doorway to Prayer," and "Turning the World Upside Down."

On Tuesday the minister recently completed a chauteauqua tour in the south and will arrive in Lima Saturday from Winona Lake, Ind.

REV. ROBERT M. SAND

CLASS PLAY IS CHOSEN

Delphos High School Seniors Plan Annual Dramatics

DELPHOS — "The Charm School" which has proved to be a very popular play in amateur stage work, has been chosen by the Senior class of the Delphos high school to be presented at the local auditorium on Dec. 18 and 19.

This will be the annual Senior class play, and it is said that the funds will be used for the Junior-Senior reception near the end of the school term.

Many books of the play have been distributed, but, as yet, the cast has not been chosen.

MERCHANDISING FARM DUTY

President Warns Marketing is Near Problem

MORE ECONOMY NEEDED

Points to Period of Insufficient Production

WASHINGTON — (By Associated Press) — In his first address since the election, President Coolidge assured delegates attending the meeting here of the Association of Land Grant Colleges that the government would omit no effort to prevent a repetition of recent difficulties encountered in agriculture.

Speaking of the immediate future, Mr. Coolidge warned that more attention must be given by farmers to the marketing problem, so the "abnormal and war-stimulated surplus" may be disposed of. He then pointed to a period he said was fast approaching when this nation will be one of the greatest agricultural buying countries and the problem will be the maintenance of a "prosperous, self-reliant, confident agriculture in a country preponderantly commercial and industrial."

Education by the land grant colleges looking to "wise and intelligent farming co-operation in all business operations which affect the farmer," Mr. Coolidge de-

clared, will be one of the main agencies for protection of this industry. He also stressed the value of organizations and methods which seek economies and greater efficiency in producing and distributing.

The president is expected to discuss in even greater detail his hopes for agriculture in opening the conference here next Monday of the commission which he appointed recently to outline a program for permanent relief of farming conditions.

FARMER A MERCHANT

President Coolidge said in part: "The main emphasis of our agricultural education has been placed upon production. I believe that was right, because unless there is economy and efficiency in production there is no need for thought in any other direction."

"But our experience of the last few years has demonstrated that it is by no means enough. The farmer is not only a producer, he is likewise a merchant. It does him no good to get quantity production, in fact it may do him harm, unless he can likewise have scientific marketing."

"I want to see courses in co-operative marketing and farm economics along side of soil chemistry and animal husbandry. I want to see a good farmer on a good farm raise a good crop and secure a good price."

The farmers must face the problem of the future, coming possibly in a generation, Mr. Coolidge declared, when this nation will be preponderantly commercial and industrial.

"In a very few years the natural increase of population and the inevitable tendency to industrialization will place us among the nations producing a deficit rather than a surplus of agricul-

tural staples. We were fairly on the verge of that condition when the World War gave a temporary artificial stimulation to agriculture, which ultimately brought disastrous consequences. Even today if in making up our balance sheet we include our requirements of coffee, tea, sugar and wool, we already have a considerable agricultural deficit."

ONE STAPLE PRODUCT

"You will remember that America has but one great staple product. We till the soil, we develop our industries, we engage in commerce, we encourage the arts and sciences, but these are all means to an end. They are all carried on in order that America may produce men and women worthy of our standards of citizenship. We want to see them endowed with ability and character, with patriotism and religious devotion. We want to see them truly American, while ready and eager to contribute a generous share to world welfare. We want to see them honest, industrious and independent, possessed of all those virtues which arise from an adequate moral and intellectual training joined to experiences

which come from the open country."

In his address Mr. Coolidge paid tribute to the soldiers of the World War, and to the men of the Department of Agriculture, who he characterized as being "public servants who met the difficulties that came to this country day and through their industry and intelligence found their way out."

SINGER FILES SUIT

NEW YORK — (Associated Press) — Singer Sewing Machine Co. has filed suit for \$100,000 against the Metropolitan Opera Co. The complaint alleges that when the company entered into a contract with the opera company, it was the intention of the latter to use the Singer sewing machine in its costumes, and that the opera company was forced to use other machines because of its failure to pay the Singer company the money due it.

LABOR TO STAND BY PROGRAM

Non-Partisan Policy to Obtain Four Years

EL PASO, Tex.—(By United Press)—The present non-partisan policy of the American Federation of Labor will be adhered to for the next four years, it was indicated here today by officials on the eve of the annual convention of the organization which starts Monday.

President Samuel Gompers was in session today with his executive council and although he declined to make an official statement, he indicated the non-partisan policy would be continued as well as the federation's stand against a separate labor political party movement.

The entire matter will be decided out before the convention, Gompers said.

The delegates will also be asked to approve the executive council action in endorsing the labor of Wheeler ticket in the recent election. Some opposition was expected to arise from delegates who favored supporting the Bellows.

At the delegates gathered here today for the session, the first of several delegates to the Mexican Federation of Labor convention were given at Juarez for the opening of the meetings Monday.

1925 FARM PROGRAM IN PUTNAM-CO TO BE VERY INTERESTING

The program of the Putnam County Farm Bureau for 1925 has been devised and is very interesting. It was outlined after a conference of the leaders and directors of the extension and farm bureau in Putnam County, Ind., with J. W. Hance, county agricultural agent, at the county house.

The program adopted was as follows:

- 1. Soil Fertility Fields
- 2. Legume Tests
- 3. Sugar Beet Tests
- 4. Standardized Dairy Marketing
- 5. Hog Raising
- 6. Livestock Grading Demonstration
- 7. Farm Accounting
- 8. Poultry Raising
- 9. Fertilizer Schools
- 10. Farm Testing
- 11. Corn Feeding
- 12. Dairy Feeding
- 13. Farm Organization
- 14. Farm Construction
- 15. Food Club
- 16. Farm Club
- 17. Farm Club
- 18. Farm Club
- 19. Farm Club
- 20. Farm Club

EASTERN STAR ELECTS

Brinker, secretary; Mrs. W. W. Brinker, treasurer; Mrs. E. D. Parris, conductor; Mrs. Allen Koch, associate conductor and W. L. Yoder, trustee for three years.

WOOL POOL AIDS SALE OF AN IMPERFECT CLIP

GILBOA — L. G. Phillips, of Gilboa, is a firm believer in cooperative wool selling.

Phillips had some chaff wool, for which he could not get a bid at any price. He finally assigned it to the Ohio Sheep and Wool Growers' association, in the country pool, and it was forwarded to the Columbus warehouse.

The grading of this wool gave him credit for 135 pounds of No. 1, 30 pounds of one-half blood, 42 pounds of fine steady and 132 pounds of medium steady.

The two high grades brought 10 cents at the warehouse, and the two lower grades brought 28 cents. He has received his return, which gives him the 50 and 35-cent prices per pound, less the customary 3 1/4 cents and less freight from Gilboa to the warehouse.

LOOK-HERE'S THE LATEST

Cod Liver Oil Now in Tasteless Tablets

Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of medicine.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Tablets. Hunter's Drug Store, Enterprise Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets.

"Get McCoy's, the original and genuine Cod Liver Oil Tablet," adv

Real Corset Comfort in R. & G. Rubber Girdles

\$5.00

A waistline corset, 14 inches in length, laced in the back with just enough boning to hold in place comfortably without restriction. The garment is made of pure para rubber, covered on both sides with pink cotton jersey material. This covering absorbs the perspiration, making this a much more desirable garment than the pure para rubber. Sizes 24 to 32.

Have our Corsetiere fit you in one of these comfortable R. & G. Rubber Reducing Girdles.

LABOR TO STAND BY PROGRAM

Non-Partisan Policy to Obtain Four Years

LL PASO, Tex.—(By United Press)—The present non-partisan policy of the American Federation of Labor will be adhered to for the next four years, it was declared here today by officials on the eve of the annual convention of the organization which starts Monday.

President Samuel Gompers was in session today with his executive council and although he declined to make an official statement, he said the non-partisan policy would be continued as well as the federation's stand against a separate labor political party movement.

1925 FARM PROGRAM IN PUTNAM-CO TO BE VERY INTERESTING

The program of the Farm of every township in Putnam Co. in 1925 has been devised. The program was outlined and the program adopted after a conference of 60 leaders and directors of the county and farm bureau in Putnam Co. with J. W. Hennessey, county agricultural agent, at the house.

The program adopted was as follows: Soil Fertility Fields; Lucerne Tests; Standardized Dairy Marketing; Hog Raising; Farm Accounting; Poultry; Fertilizer Schools; Dairy Testing; Dairy Feeding; Dairy Construction; Food Club; Dairy Calf Club; Pig Raising; Fair, Delphos Fair; Dairy Shows; Short Demos; Dairy Shows and Exhibitions.

WOOL POOL AIDS SALE OF AN IMPERFECT CLIP

GILBOA — L. G. Phillips, of Gilboa, is a firm believer in cooperative wool selling. Phillips had some chaffy wool for which he could not get a bid at any price. He finally consigned it to the Ohio Sheep and Wool Growers' association, in the county pool, and it was forwarded to the Columbus warehouse.

LOOK-HERE'S THE LATEST

Cod Liver Oil Now in Tasteless Tablets
Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of magnesia.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

IN LIMA THEATRES

THEATRE DIRECTORY

At the Lyric

"The Cyclone Rider," the latest current attraction, is technically a melodrama, according to the William Fox billing, a thriller-drama. But in addition to the production "thrill-a-minute," which the name implies, it contains many elements which one does not ordinarily find in that sort of picture. There is comedy galore, a delightful love romance, a struggle with the fight between good and evil for the hand of a daughter of a millionaire.

Featured in the picture are: William Brent, Reed Howes, George Conklin and Alma Brent. Reed has the role of Jim, the automobile racer; Alma, the picture's heroine, is the obdurate contractor, the object of Jim's affections and William Brent is the villain who is the father for Doris' hand.

The plot of the picture centers around Doris' father's demand that she marry him \$5,000 of his money in ten days. If he fails to marry the girl, an automobile race, with the desired amount of money as first prize is to be run the day Jim's time for returning the money is up. He enters, outwitting the villain, gets to the starting point, has the race against won, and then the big thrill happens.

A comedy and "Fun from the box" are added features on the program which continues thru Saturday.

"Passing Show"

Presentation of the 1924 season of the Shubert "Passing Show" at the Faurot Opera house Friday night is being eagerly awaited by the many theatregoers of Lima.

The production this year is said to be better than that seen in the past few years and if this be true, an unusual treat is in store. Comedy, rare scenic effects and beautiful spectacles are promised in this New York production.

"The Passing Show" will be presented Saturday matinee and night as well as Friday evening.

"Step Lively"

Eastwood Harrison and Step Lively company will be seen at the New Orpheum theatre beginning Sunday matinee in one of their latest productions, "Henpecked Henry" will be the opening bill.

This company is well known throughout the show world and the east countries, besides Harrison, Harry Buschman, Ray Hanley, Jack Lewis, Toots Press, Kenna and Hankin, dancers, and a pleasing variety.

This company will be seen here

DENY HOSTILITY

Clemenceau and Lloyd George Refute Stead Yarn

LONDON — (By United Press) — Both Georges Clemenceau and David Lloyd George today declared there was no truth in William Stead's account of how the two ex-premiers nearly fought a duel in the days of Versailles. The former editor of the Times was not disturbed by their denials.

"Naturally, I should not have written what I did if I were not sure of my facts," Stead said. His book "Over Thirty Years" is creating a sensation. Besides

WEALTHY MAN IS WED TO CABMAN'S DAUGHTER

NEW YORK — (By Associated Press) — Society was surprised today at the news that Leonard Kip Rhinelander had been married to a daughter of a New Rochelle cabman. On Oct. 14, Rhinelander, who is 22 years old, married Miss Alice Beatrice Jones in the city hall at New Rochelle. Mayor Scott performed the ceremony and two minor city officials acted as witnesses. No members of the groom's family were present.

Since their marriage the couple have lived in a frame dwelling which is the home of the bride's parents and where two sisters of the bride also live with their husbands, one a chauffeur, and the other a laborer.

The ancestry of the Kip and

DRUM BUGLE CORP.

ST. MARYS — (Special) — A drum and bugle corp is being organized by Company K, Ohio National guard. Eight snare drums and eight bugles have been purchased for the members to comprise the personnel of the drum and bugle corps.

CHARLES W. BAXTER TO REPRESENT BURNS CO.

Charles W. Baxter, former sheriff of Allen-co., has been appointed to represent the William J. Burns Detective Agency, Inc., in the Lima, Kenton and Findlay districts. His jurisdiction will extend to the Illinois state line.

C. E. May, ex-sheriff of Auglaize-co., has also just received an appointment from the agency. He will officiate in the district just south of Allen-co.

U. S. COUPLINGS BEING USED ON FOREIGN ROADS

LONDON — English railroads are to adopt the automatic couplings as used in the United States and throw over their present system of coupling with heavy iron chains which have fastened together English cars since Victoria's youth.

Installation of automatic couplings will cost the English railroads about \$1,200,000.

GERMAN WAR FLYERS RIDICULE HERO AWARDS

BERLIN — Lieut-Colonel Siebert, organizer of the German flying forces during the World War has been declared an outcast by the National Association of Imperial Officers because he ridiculed the distribution of war medals by the ex-kaiser's officials. He declared in a newspaper contribution that war medals were like airbombs and said they "both dropped unexpectedly far back in the hinterland and hit innocent beings."

Many officers belonging to the National Association of Imperial Officers have been expelled for criticism of imperial regime.

3 DAYS STARTING TOMORROW

CULLEN LANDIS

AND
MILDRED HARRIS

IN
ONE LAW
for the WOMAN

A picture of a girl's heroic fight for the youth she loves and the greatest fight ever screened with Cullen Landis as the hero!

A Picture of Courage! A Real Thriller!

It's a Treat for the Whole Family—Don't Miss It!

Make arrangements to attend every single session of the

Lima News Cooking and Home-Makers School

MISC. JESSE BOOTH

AT Memorial Hall

*Each Afternoon, 2 to 4, Except Thursday
7 to 9 p. m.*

**November 18 - 19
20 - 21**

Practical demonstrations in cooking and Home-Making Ideas will be Given by Experts

SCHOOL PROGRAM

TUESDAY—2 TO 4 P. M.

By Miss Neville—Lecture and demonstration. General baking. Making of pies, cakes and quick breads. Table service for luncheon. Why you should weigh yourself each day. Deep fat frying.

THURSDAY—7 TO 9 P. M.

Lecture and demonstration. General cooking. Meat-cutting demonstration. Cooking of meats, vegetables and some baking.

WEDNESDAY—2 TO 4 P. M.

By Miss Neville—Lecture and demonstration. Meal planning and preparation. (Making and serving a meal.) Table service for a dinner—health and weight. Ways of Cooking and Feeding the Family.

FRIDAY—2 TO 4 P. M.

Miss Neville—Lecture and demonstration. Party (making and serving of party dishes.) Service for wedding breakfast. What you and your baby should weigh.

Special Music Each Day by Porter & Son

SEE THE MODEL KITCHEN THERE

The Rowlands Furniture Co. has consented to fit up a model kitchen with all modern appliances especially for the school. Everything needed in a moderate kitchen will be seen.

Electrical appliances will be displayed by the Ohio Power Co.

Other associated concerns and products will be:

Proctor and Gamble Company, "Crisco".
Dayton Biscuit Company, Dayton.
Calumet Baking Powder Company.
Continental Scales Co.
Chambers Stove Co.
A. E. Wright Co.
Hewitt Soap Co.
West Bend Aluminum Co.
Detco Light Co.

Wool Values Continue to Rise World Over
BOSTON.—(By Associated Press)—The Commercial Bulletin says wool will rise. Wool values continue to rise the world over. The consumers are now beginning to feel the pinch of short stocks, which is resulting in speculative buying with increasing fervor, even at the high prices now ruling.

WOOL VALUES CONTINUE TO RISE WORLD OVER
BOSTON.—(By Associated Press)—The Commercial Bulletin says wool will rise. Wool values continue to rise the world over. The consumers are now beginning to feel the pinch of short stocks, which is resulting in speculative buying with increasing fervor, even at the high prices now ruling.

RALLY SHOWN IN WHEAT PRICES
Reports from Argentina Has Decided Effect
STERLING ADVANCE FELT
Profit-Taking is Reflected in Early Sales

CHICAGO — Increasingly unfavorable crop reports from Argentina led to a decided rally in wheat prices today after a declining tendency at the outset. Readiness of the Liverpool market together with an advance in sterling exchange counted also as a strengthening factor here. The early weakness was ascribed chiefly to profit-taking sales and to a temporary pause in new buying. Opening quotations which ranged from 1-4c decline to 3-4c gain, December \$1.54 5-8 to 1.55 and May \$1.62 to 1.62 1-2 were followed by a moderate general sag and then by a sharp upturn to well above yesterday's finish. Corn and oats were governed by the action of wheat. After opening at 1-4c lower to 1-2c advance, May \$1.18 1-2 to 1.19, the corn market underwent a setback all around but later scored material gains. Oats started unchanged to 1-5c off, May 58 3-4 to 59c, eased a little more and then made a general advance. Weakness of hog values pulled down provisions.

Views Traded by Nations
Conflict Over Disarmament is Largely Removed
WASHINGTON — (By United Press)—Most of the apparent conflict between the League of Nations and the conference scheduled for next June and the new Washington arms conference scheduled by President Coolidge has been removed by informal exchanges of views between Great Britain and the United States. Since the League conference will be devoted primarily to land armaments on the continent of Europe and the proposed second Washington conference to limitation of naval and air armaments not covered by the first conference here, there should be no conflict between the two in the view of officials here. The proposed Washington conference would attempt to supplement the five-power pact limiting capital ships by stopping expensive competition in lighter naval craft, setting limits to air preparedness and beginning the codification of international law. Great Britain is understood to recognize the need for another Washington conference, first suggested by President Coolidge last February. Recent developments have considerably strengthened the president's often expressed desire for another conference here to pick up the loose ends left by the last conference. Chief among these factors are: 1—Conflicting interpretations of the five-power pact, such as Britain's protest against American gun elevation on capital ships. 2—The danger to the administration's economic program if this country is forced to enter the expensive and unequal competition in light cruisers in which Britain is already far superior. 3—Increasing popular pressure upon the administration to continue the limitation of sea armament begun three years ago. The British government is said to be hopeful that France can be induced to limit her submarine building which causes British uneasiness. The fact that France has ratified only one of the Washington conference treaties is given as an added reason why another meeting should be held here to remove whatever objection France may have to the previous treaties and to take advantage of the growing spirit of conciliation in Paris since the Dawes agreement.

LOVE TRIANGLE HELD AS MURDER MOTIVE
LOS ANGELES, Cal.—The love triangle as a possible motive for the murder of Harry I. Katz, wealthy Los Angeles diamond broker and club man, shown by the coroner's jury today.

DAVIS CAMPAIGN COST REPORTED AT \$2000
COLUMBUS — Former governor Harry I. Davis spent \$2000 in his unsuccessful campaign for election as governor, he reported in his personal expense account filed today with the secretary of state. Of this amount \$1000 was contributed to the state committee and \$1000 was spent in traveling and hotel bills. He reported no contributions.

Man Goes To Death Chair Unflinchingly
MICHIGAN CITY, Ind.—Harry Diamond of Gary, Ind., met death unflinchingly in the electric chair at 12:04 a. m. today. His execution was in expiation of the murder of his wife who was shot to death while motoring between Gary and East Chicago, Ind., in February, 1923.

HUSBAND'S RAGE
Jealous Man Slays Four Then Himself
MEMPHIS, Tenn.—Five persons were dead here today, victims of a jealous husband's rage. Henry Weber, 38, a barber, shot and killed his wife from whom he had been estranged. Earl Shader, Mrs. Shader and Mrs. Thomas Alexander before committing suicide. The shooting occurred at Weber's home. A fourth woman escaped by hiding in an ice box.

RED CROSS FUND DRIVE CLOSING NEXT SATURDAY
DELPHOS — Red Cross drive in Delphos will go over the top before the campaign is closed at the end of the week campaign workers announced Friday while house to house soliciting and business section canvassing is conducted by scores of workers. A closing meeting Saturday night has been arranged to elect captains, who have indicated ready response from a majority of the citizens of Delphos.

COOLIDGE THANKS AGED WOMAN FOR HER VOTE
OTTAWA, Ill.—A letter of appreciation from President Coolidge for casting her vote for him today was in possession of Mrs. Celia Hayer, 101 years old, of Seneca, near here. The letter follows: "My Dear Mrs. Hayer: Your friend George W. Stephens has written me that on election day, although 101 years old, you went out and cast your vote, and I want to write and congratulate you and thank you for your support. I hope you will have the privilege of performing this duty a good many times more. Very truly yours, "CALVIN COOLIDGE"
